CRIA - EBANO

A17306-3

The generosity and the wild beauty of the fleece of Alpaca – one of the finest fibers - is magnified in Cria, an exceptionally fine and dense velvet. Its three variants are just the natural colors of the fleece, without any dyeing process.

La ricchezza e la bellezza selvaggia del vello di Alpaca – fibra tra le più nobili – si manifestano in Cria, un velluto eccezionalmente raffinato e corposo. Le tre varianti sono tutte nei colori naturali del vello, senza nessun processo di tintura.

La richesse et la beauté sauvage de la toison d'alpaga - une fibre parmi les plus nobles - s'exprime dans Cria, un velours exceptionnellement raffiné et corsé. Les trois variantes ont toutes les couleurs naturelles de la toison, sans aucun processus de teinture.
